INSTRUCTIONAL FOCUS

Our focus will continue with using learning targets and success criteria prior to each lesson. Teachers will be sure to have written learning targets (or learning objectives) for students to refer to before, during, and after a lesson. The learning target needs to be visible for all students to see. See the example below. This is an exemplar learning target with success criteria.

WELCOME TO SAN VICENTE!

Yesenia Velasquez-Arreola is the new counselor at San Vicente Elementary. In May 2016, she graduated with a Masters in Counseling from Fresno State. She went on to continue on completing her PPS Credential. Having worked with elementary students for the past 7 years is what motivated her to get in the field of education. Her primary responsibility as your school counselor is to promote the academic, personal, and social development of all students.

In those 7 years of student interaction, she has had the opportunity to work with students in various levels and diverse populations. She worked with 6th graders as their AVID tutor. Additionally, she had the amazing opportunity to work with After School Educational & Safety Programs (ASES) in the Fresno Unified School District for 5 years. In the ASES program, she had the chance to develop her own teaching curriculum for Kinder to 6th grade. Lastly, alongside an RTI (Response

to Intervention) teacher, she was able to co-teach RTI for advanced reading students.

In order to create a safe place where students can communicate and express themselves with trust and security, she has an open door policy for any student/s. If you have any questions please feel free to contact her by phone or email.

Sofia Ramirez is the new Family Support Liaison she comes from Vista Verde Middle School in Greenfield. She worked as an Academic Tutor, Student Adviser and Basketball Coach. Sofia worked in Vista for four years in the GEAR UP program (Gaining Early Awareness, Readiness for Undergraduate Programs). Sofia provided early college awareness and supported students with in class instruction and after school tutoring. The purpose was to increase High School graduation and a successful completion of a four -year degree. As a student Adviser, Sofia was responsible for monitoring students' academic and behavior progress. She was responsible for the College Fieldtrips, college week and providing parents with financial aid information and other resources in the community. Sofia also taught a program called SIPPS as a support

for English Learners. Sofia has experienced working with students and parents. She is very excited to be working in San Vicente!
