CURRICULUM AND INSTRUCTION/INSTRUCTIONAL FOCUS

Curriculum Instruction

Teacher goals are scheduled for November 28th and December 2nd. The Goal Setting process is for teachers to independently reflect on their professional practice by reviewing the CTSPs and classroom data. After reflection, the teacher will meet with the principal to share their goals. Each goal setting meeting will take a ½ hour. Teachers will come prepared with:

- Seating chart
- Quadrants (Reading, ELA, Math)
- Professional Growth Goals and Professional Development Plan
- Individual Student Plans

At our next staff meeting on November 29, we will be sharing our collaborative Google Slide project on Rigorous Reading.

Instructional Focus

Our focus will continue with teacher modeling – informal classroom observations will reflect one of the five ways of teacher modeling.

- Model that which is difficult for students
- Model ways to resolve problems
- Model how you interact with text
- Model through think-aloud
- Model through interactive shared readings

Your informal observation will be emailed to you. If you would like to get specific feedback about your informal observation, please do not hesitate to reach out.
