## SBAC

SBAC testing is just around the corner. All snacks have been ordered and are ready to go. I would like to remind you that our next staff meeting will be centered around SBAC, so please make sure not to miss this important meeting. Here are a few SBAC tips:

1. Review the answers: Once a student has reached the end of the test, the student can review the answers before submitting. Most students are reluctant to do this because they are exhausted. But do encourage them to do so by first taking a short 5-minute break, then go back and review the answers before submitting.
2. Take stretch breaks: No chair is comfortable enough to sit in for 1 hour! I periodically stopped the students to take stretch breaks to get the blood circulating again.
3. Use the universal tools: the SBAC has many tools for the students to use such as, highlighting, notepad, mark for review, pop up glossary, etc. Teach your students how to use them.

# PARENT CORNER/PBIS/HIGHLIGHTS

## Parent Corner

Panther PTO handed over a \$2,800 check for Science Camp. We are extremely grateful to such a wonderful and dedicated group of parents. Way to go Panther PTO!

Our PBIS team met on April 5<sup>th</sup>. The team was allowed time to discuss our challenges and successes to date. We also used this as an opportunity to plan our next steps for PBIS. One task is to complete a PBIS Handbook by May 11<sup>th</sup>. This handbook will allow staff a point of reference as well as help clarify questions that one may have. This meeting also permitted us to showcase the hard work that we have all been doing here at San Vicente and it also gave us insight of what others are doing at their sites.
