Thank you to the Preschool, Kinder and First grade teachers who organized the field trips this week. It was great to see the pictures from all the field trips. Thank you to Jose Solorio for arranging the submission of our Kinder art to the King City Fair. It was great to be represented. Kudos to Estella Serrano and Aurora Ortega for continuing to make home visits to ensure the safety of our students. Thank you to Mr. Ceja for uploading all of the photos for the yearbook. I appreciate all of the hard work.

## FOCUS OF THE WEEK: COOPERATIVE LEARNING IN THE CLASSROOM

### Benefits in the Classroom

There are many benefits that can result from using cooperative learning strategies. Here are benefits you might notice after implementing cooperative learning tasks in your classroom:

1. Cooperative learning is fun, so students enjoy it and are more motivated.
2. Cooperative learning is interactive, so students are engaged, active participants in the learning.
3. Cooperative learning allows discussion and critical thinking, so students learn more and remember what they've learned for a longer period of time.
4. Cooperative learning requires students to learn to work together, which is an important skill for their futures.
