

# SAN VICENTE SCHOOL

A Professional Learning Committee Week of January 19 - 23

## KUDOS

Kudos to Angie Amador and Daisy Alcala for all your efficient work here in the office. You also made our new students feel very welcomed and important. Thank you teachers for diving right in and becoming more familiar with the new Go Math Curriculum. Kudos to Olga Mares for helping teachers complete their math kits. Kudos to Artemesa Delgado for filling in for Priscilla Thomas-we appreciate your dedication. Thank you to Maya Holland for your help with the IPAD rollout-you are truly amazing. Kudos to the entire San Vicente Staff for a smooth and successful week back. Thank you to Erin Cecchetti, Helen Esparza and the PBIS team for organizing Fun Friday. Our students enjoyed every station. Thank you to Aurora Ortega for your help with the PAW Store.

| Sandoval | Arriaga | Thomas | XXX     | Domin-guez |

Upper Grade Duty:

Hutton  
Bailey  
Felix  
Lopez

## COMMON CORE

Higher order thinking (HOT) is thinking on a level that is higher than memorizing facts or telling something back to someone exactly the way it was told to you. HOT takes thinking to higher levels than restating the facts and requires students to do something with the facts understanding them, infer from the, connect them to other facts and concepts, categorize them, manipulate them, put them together in new or novel ways, and apply them as we seek new solutions to new problems.

## QUOTE OF THE MONTH

*Work alone is Noble*

## CHARACTER WORD OF THE MONTH

*Fairness*

## **REMINDERS**

\*Please remember to submit your lesson plans in timely manner.

\*Please remember to update your agendas with the current times.

\*Please pick up students on time especially after the recesses.

\* Mrs. Witwer and I will be conducting walk-throughs every Friday.

\* Focus for the week: Higher Order Thinking (HOT) Questions

## **STUDENT PROJECTS**

Check out some of our amazing projects that our First Graders from Mrs. Viveros completed. Students read the story "A Trip to the Ocean" and completed an art project as well as a written report based on their findings.

Students in Dr. Bailey's class have diligently been researching volcano's in their Science core and have created a replica of a volcano.
